Chairman, Board of Directors

Julie Bourgeois
Director

Parent and Student Commitment

Date	Print Student's Name	Grade	Site
------	----------------------	-------	------

*Students of the Virtual Academy of Lafourche will complete at least **10%** of course content in each subject on a monthly basis and/or a minimum of **30 hours** of course work per week.*

Progress of new enrollees will be monitored thirty (30) days from the date of the initial coursework start date. Progress of all current students (and new enrollees who remain enrolled after the initial 30-day trial period) will be monitored monthly.

If a student misses a day, a written excuse (physician, court, etc.) will be provided. If a student misses 8 days they may be recommended to the truancy committee for removal from the Virtual Academy of Lafourche.

I have received the Virtual Academy of Lafourche Truancy Timeline and am in full understanding of the attendance requirement of the Virtual Academy of Lafourche.

In addition to working on the academic program at the site, VAL students will be expected to work offsite (home, library, etc.) to meet the required 10% each month.

I will also provide necessary equipment and supplies (internet, working laptop, printer, all related software, notebooks, binders, etc.) necessary for my student to successfully challenge and complete the Virtual Academy of Lafourche Academic program.

I have reviewed VAL policies, understand my role as Learning Coach, given helpful strategies to assist my student, have actively accessed their curriculums using their usernames and passwords, understand how to monitor their progress, and have received the training material which include the site contact information via my email account.

I understand that students will take ALL Topic Test, Unit Test and Exams on site. Taking these tests at home may result in dis-enrollment from the Virtual Academy of Lafourche.
